

# Warranty Pump Assembly Replacement for Fleetwood Hydraulic Leveling Systems

© Copyright PowerGear Issued: February 2012

#82-L0514, Rev. 0A 02/12

## NOTE

For a copy of the latest warranty policy, please visit our website at [www.powergearus.com](http://www.powergearus.com). Click on the word **WARRANTY** at the top of the home page to be taken to the warranty info page. There you will find all of the latest information regarding our warranty policy and procedures.

Pump assemblies used on Fleetwood leveling systems can and should be broken down into sub-assembly (**FIGURE 2**) numbers when it has been determined that there is a warrantable defect found. Power Gear warranty policy (see the **NOTE** to the left) covers the defective part only and will not pay for complete assemblies (**FIGURE 1**) when a sub-assembly part is available. Below is a listing of current production pump assemblies used on Fleetwood leveling systems and the available sub-assembly part number or numbers.

Complete pump assembly (FIGURE 1) Used for production systems	Sub-assembly (FIGURE 2) Used for warranty and service orders
3510000161	3510000146
501090	3510000147
501234
